SKIT

On 01/12/2022, as a part of World Aids Day which is celebrated on December 1st every year, a skit was played by the social work trainees at Idukki medical college, Paimanu.

OBJECTIVES

- * To provide awareness about AIDS disease, the way of transmission, treatments available etc.
- * To clarify the misunderstandings and stigma existing in society about HIV/AIDS.

IN DETAIL

The skit began around 1:30 p.m. The audience included doctors of Idukki medical college, other medical officers, staffs and patients.

CONTENT OF THE SKIT

The skit was meant to bring awareness to the audience regarding the issue faced by AIDS victims since the past and also in the present scenario. The skit proceeded through a child whose mother died due to AIDS. It intertwined the social

issues faced by AIDS/HIV patients like social exclusion, discrimination, injustice, inequality etc.

The skit ended with a message to consider HIV/AIDS patients as one among themselves which aims to wipe off all the existing misunderstandings, stigma and prejudice in the society. The ways through which AIDS can be transmitted like sexual ways, blood transfer, from mother to baby during pregnancy were explained to the public. They were also made aware of the fact that AIDS do not transmit through touch, saliva etc. The programme was then concluded with a vote of thanks proposed by the social work trainee, Bibiya Augustine.

CONCLUSION

The social work trainees succeeded in sending their message to the public on World AIDS day. The skit promoted this year's World AIDS Day theme propounded by World Health Organization and the theme is 'Equalize'. The trainees thus became a part of this great global mission.
