

1. MASS DEBATE

Public Speaking allows us to form connections, influence decisions, and motivate change. Without communication skills, the ability to progress in the working world and in life, itself, would be nearly impossible. Public speaking is one of the most important and most dreaded forms of communication. So the debate and oratory club, Mar Sleeva College of Arts and Science organised a Mass Debate as a part of Mala Day Celebration on 12 July 2020 via Google Meet from 10am to 12 pm.
