

## **REPORT OF WEBINAR ON LEGAL RIGHTS OF WOMEN**

**First webinar of MSC Women Cell was held on 2-june-2021 at 6 to 7 pm on Google Meet. Adv Babu TB led the class for the women cell members .It was meant to help the participants of the webinar to negotiate their rights and understand the remedies available to them when rights are violated. Though most women hesitate to approach courts or the police to enforce their rights, knowledge of law is essential to understand the boundaries of law and to negotiate for securing the rights with the background of law. Students from different departments actively participated in this webinar.**
