**Graph :10**

**Graph I :**Students were asked to rate how well the curriculum and syllabi of the course was. Majority of the students gave an excellent opinion, is, 50%. 46% students commented very good and 2% commented as good.

**Graph II:** Students were asked to rate the extent of Syllabi covered in the class. Highest percentage of respondents votes for excellent is 54% . 35% of students gave verygood and 8% students vote for good and 2% of them have a fair response.

**Graph III :**Regarding the course delivery by faculty members in the class 70% of students gave an excellent comment. And the rest of the students have a very good opinion; is 21% and 9% commented as good.

**Graph IV:** Regarding the usage of teaching aids and ICT in the class by faculty to facilitate teaching, 60% students commented an excellent opinion and 29% gave a very good attitude to the question. It was good in the perspective of 9% students, while 2% gave fair opinion.

**Graph V:**Students were asked to rate how fair the assessment processes are. 54% of students gave an excellent remark. 33% of students observed that fairness in assessment processes was very good. 12% opened good and rest of the 1% commented fair.

**Graph VI:** This graphical representation shows the comments of the students about the timely announcement of examination results. The percentage of students commented excellent is 12 % and students commented very good is about 56%. 28% of students commented good and 3% of students opined fair.

**Graph VII :**Majority of the students have a very good opinion on the opportunities in the school/university for research activities. 52% of students gave a very good comment. Only 26% of students were satisfied and gave an excellent comment. 16% of students voted for good and 6% commented fair.

**Graph VIII :**On Considering the opportunities for students to participate in internship, student exchange and field visit, majority gave a Excellent comment 49 % of respondents gave excellent, very good 27% and 15% commented good.

**Graph IX:** This graph is the ratings given by the students regarding the opportunities out of class learning (Guest lectures, seminars, workshop, value added programmes, conferences, competitions). 53 % of the total number of students commented excellent, and 26% gave a very good opinion. 18% of the students opined good.

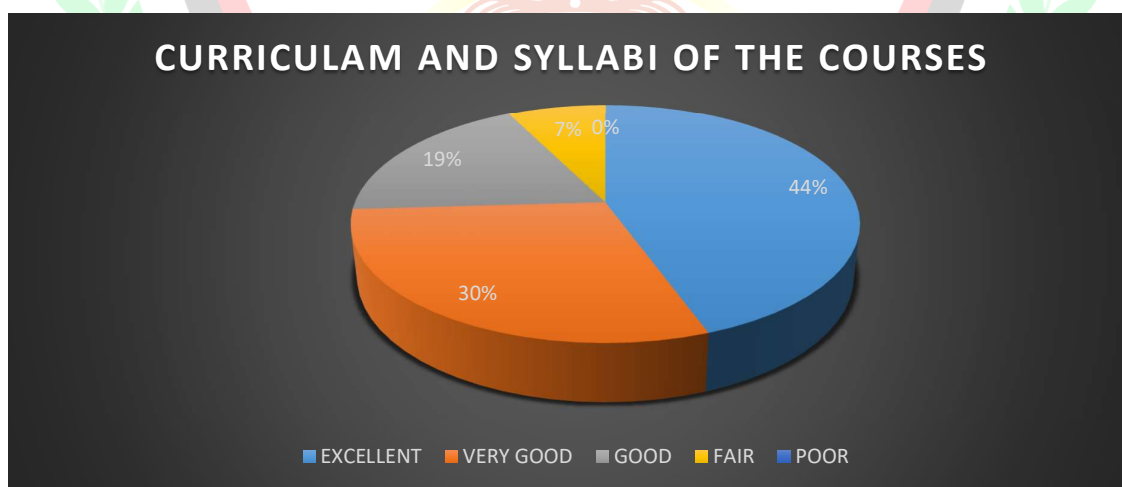

*Your Success our Tradition*

**Graph X :** This graphical representation shows the responses of the students about the overall learning experience. 69% commented excellent. 27% students responded very good and 3% commented good.

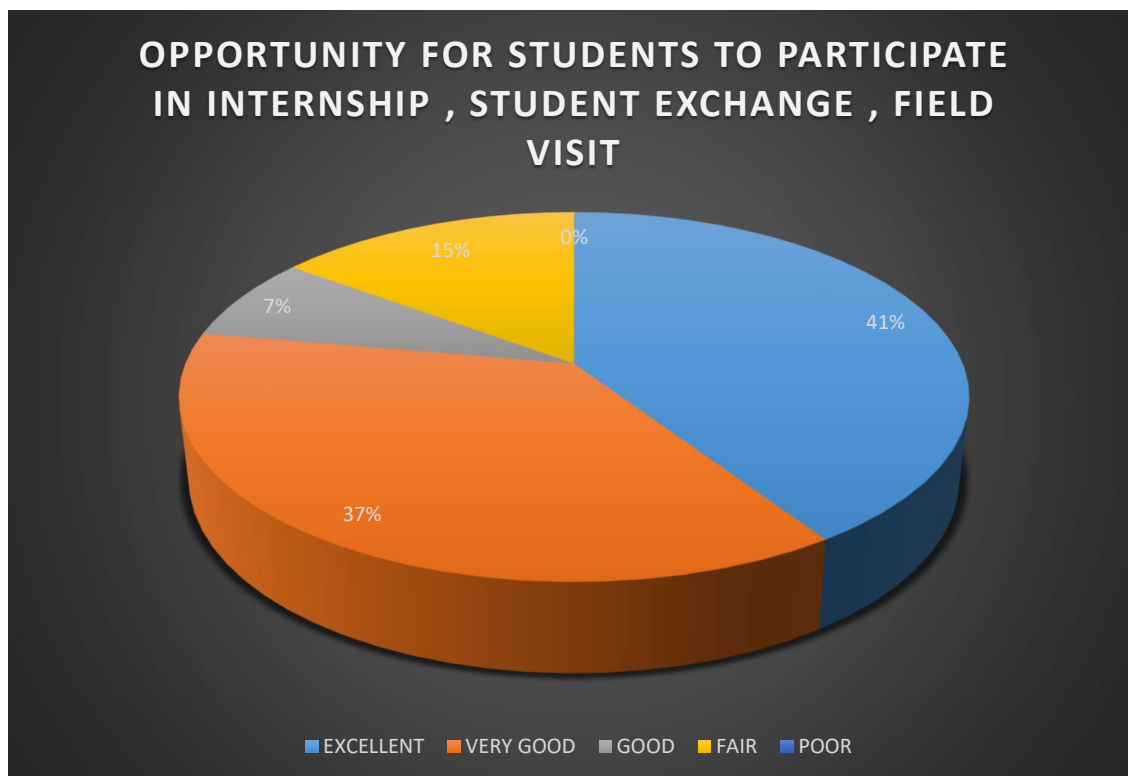

**Graph VI**

### Timely announcement of examination results

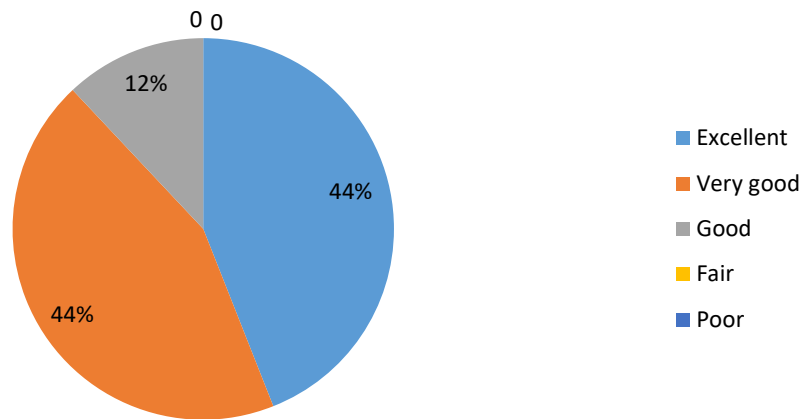

Graph VII

### Opportunities in the School/ University for Research Activities

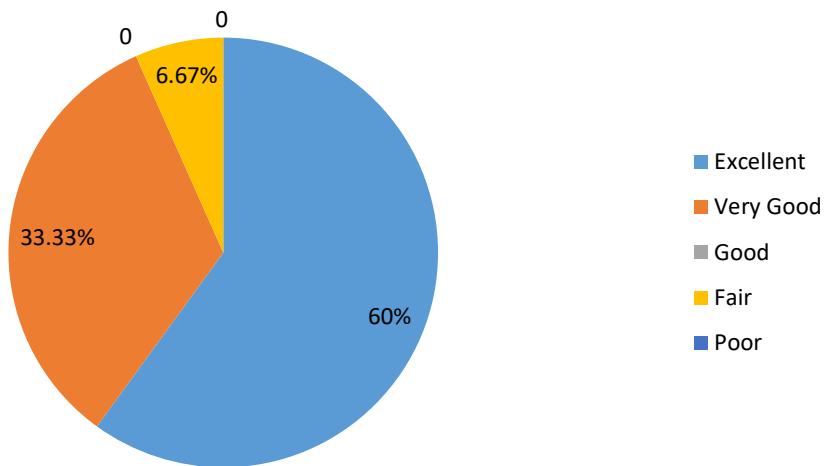

Graph VIII

### Opportunity for students to participate in Internship ,student exchange, field visit

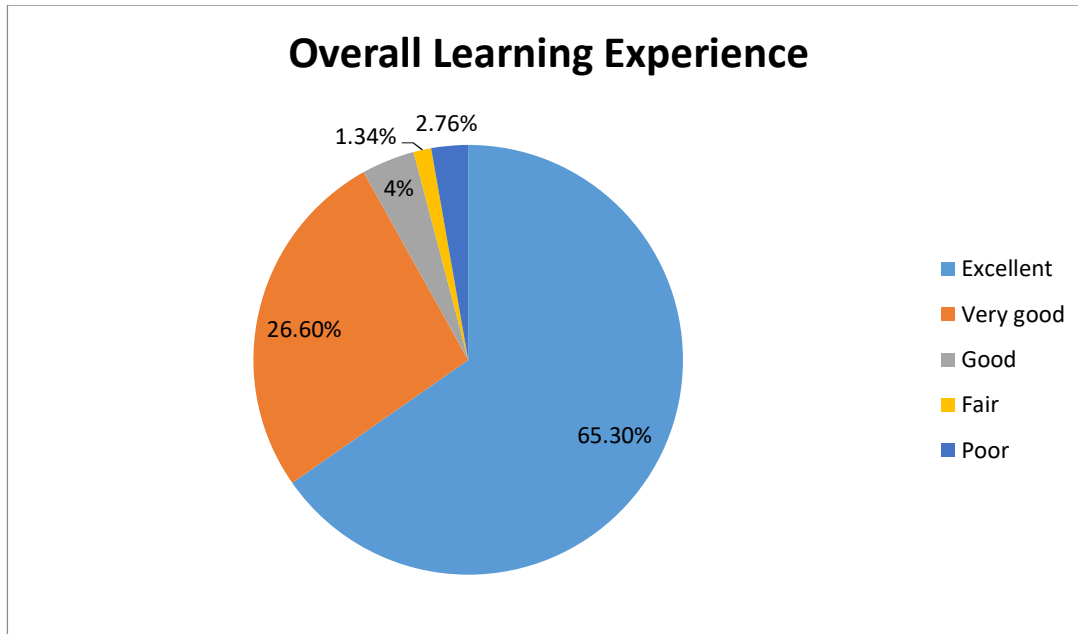

Graph XI

### Opportunities for out of classroom learning

**Graph X**

**Graph 1:** students were asked how well the curriculum as well as the syllabus nourishes the learning outcome of the students. Majority of the students responded positively with a percentage being 30.70 % for excellent and 20 % for very good respectively.

**Graph 2:** The graph reflects on the extent of syllabus covered by the particular teachers during the time period of the semester. The responses by the students show that most of the portions have been completed on the given time frame. The proportion for excellent grading is 42.7 % and for Very good is 16% respectively

**Graph 3:** The graph enumerates the information regarding how well the faculty member delivers the course in the class. 42.7% of student's marks with an excellent grading where as only 2.7% of them replied with a poor grading.

**Graph 4:** The graph elucidates the details regarding the usage of ICT tools by teachers in the classroom in order to facilitate teaching. The given percentages were 29.3 % for excellent and 24% for very good respectively.

**Graph 5:** The graph depicts how innocent, impartial as well as fair the teacher is in assessing certain knowledgeable processes like MAT, quiz, assignments etc.... Most of the participants marked for excellent rather very good with the ratios being 48% for the former and 32% for latter.

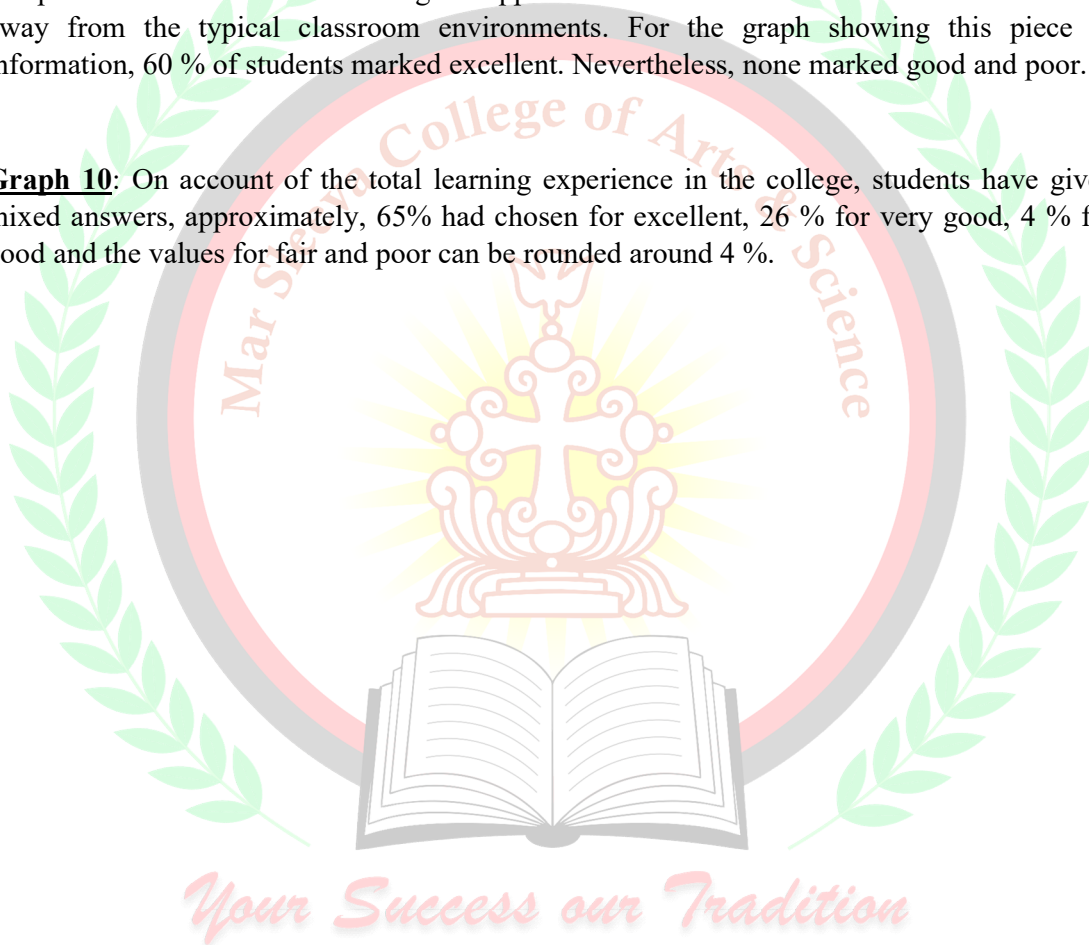

**Graph 6:** The pie chart regarding the on time announcements of results of examinations enumerates that 36 % of the students who marked an excellent are highly satisfied with the declarations. However, about 4 % find it very poor.

**Graph 7:** the question regarding the opportunity for research activities for students in the college or university gave an astonishing reply. 44% marked an excellent reply and none marked a very poor reply.

**Graph 8:** The pie chart which enumerates the details of opportunities in participating internship, student exchange and field visit programs shows that 44.5 % students who marked excellent are highly likely to choose a career path from the same.

**Graph 9:** Guest lectures, seminars, workshops, value added programmes, conferences and competitions which are some among the opportunities that nurture to students to mould them away from the typical classroom environments. For the graph showing this piece of information, 60 % of students marked excellent. Nevertheless, none marked good and poor.

**Graph 10:** On account of the total learning experience in the college, students have given mixed answers, approximately, 65% had chosen for excellent, 26 % for very good, 4 % for good and the values for fair and poor can be rounded around 4 %.

### **Curriculum and syllabus of the course**

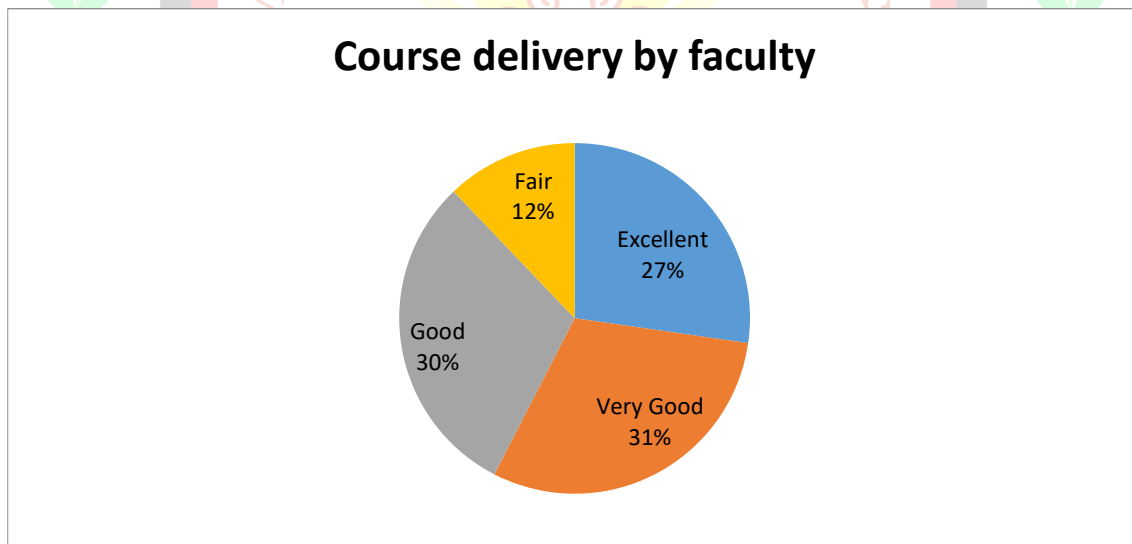

Above graph shows curriculum and syllabus of the course. 64 % of the students have excellent opinion about the curriculum and syllabus of the course, 12% of the students says curriculum and syllabus of the course was very good, 12% of them says good and the rest 12% of the students says that its fair .

**Graph II**

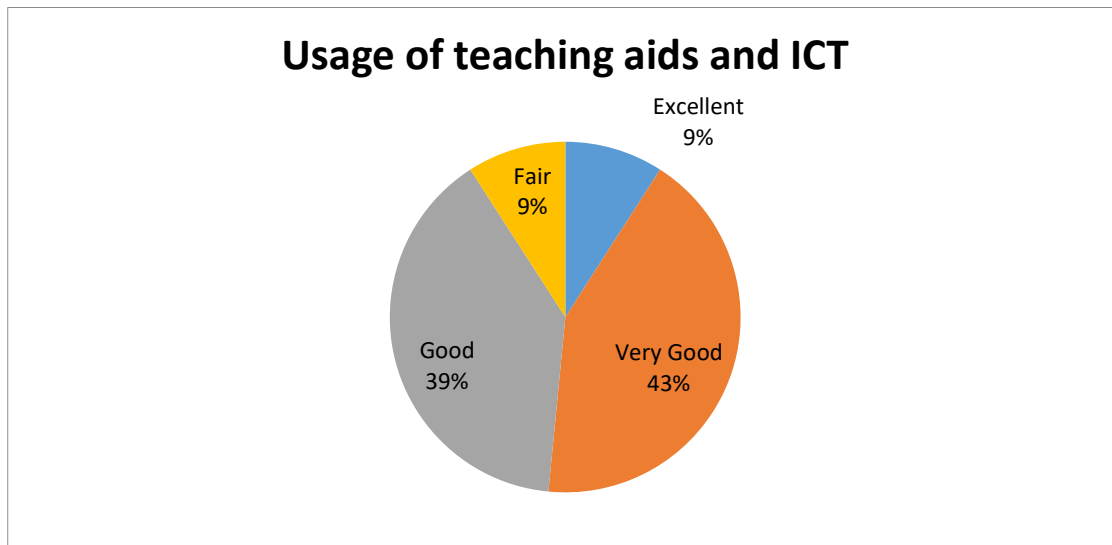

Above graph shows extend of syllabus covered in the class. 40 % of the students have very good opinion about the extend of syllabus covered in the class, 30% of the students says extend of syllabus covered in the class was excellent, 21% of them says good and the rest 9% of the students says that its fair.

**Graph III**

Above graph shows course delivery by faculty. 31% of the students opinioned that course delivery was very good, 30 % of the students says that the course delivered by the faculty was good, 27 % of the students have excellent opinion about the course delivered by the faculty and the rest 12 % of the students says fair.

**Graph VI**

Above graph shows usage of teaching aids and ICT. 43% of the students opinioned usage of teaching aids and ICT was very good, 39 % of the students says that the usage of teaching aids and ICT was good, 9% of the students have excellent opinion and the rest 9% of the students says fair.

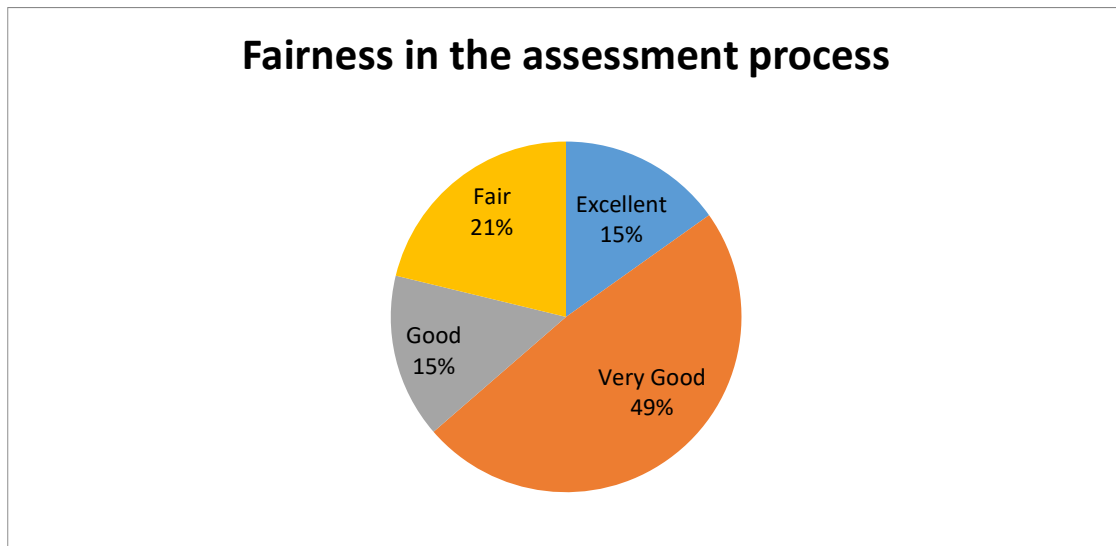

**Graph V**

Above graph shows overall learning experience. 28 % of the students have excellent opinion about the overall learning experience, 28% of the students says overall learning experience was very good, 28% of them says good and the rest 16% of the students says that its fair.

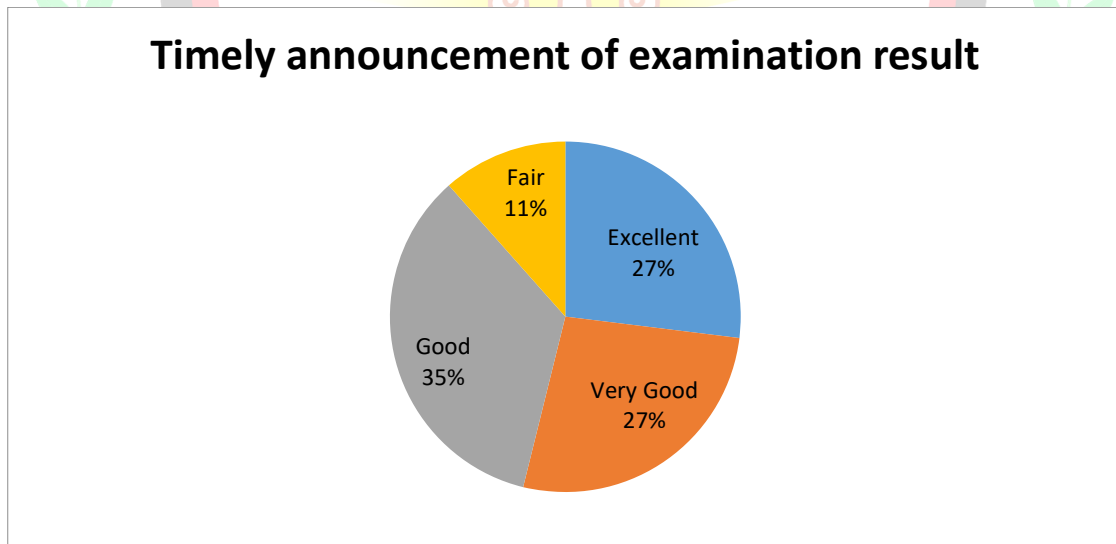

**Graph VI**

Above graph shows fairness of assessment process. 49 % of the students says that the assessment process was very good, 15 % of the students says that assessment process was good, 15% of the students have excellent opinion and the rest 21 % of the students says fair.

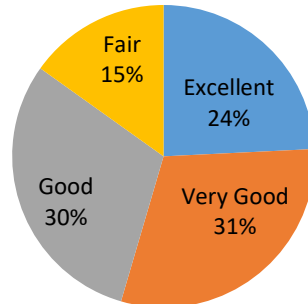

**Graph VII**

Above graph shows timely announcement of examination result. 35% of the students says announcement of examination was good. 27% of the respondents says excellent, another 27 % says very good and the rest 11 % says that it is fair.

**Graph VIII**

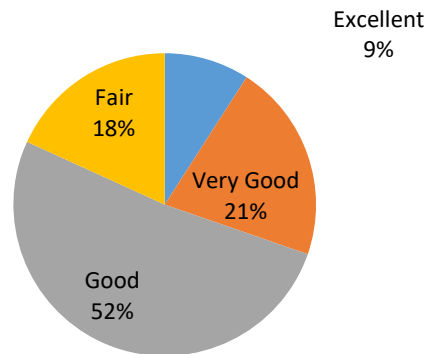

### Opportunity in the school/ university for research activity

Above table shows the Opportunity in the school/ university for research activity.31% of the students says there is very good Opportunity in the school/ university for research activity,30% says there is good Opportunity in the school/ university for research activity,24% students says there is very good Opportunity in the school/ university for research activity.the rest 15% says fair.

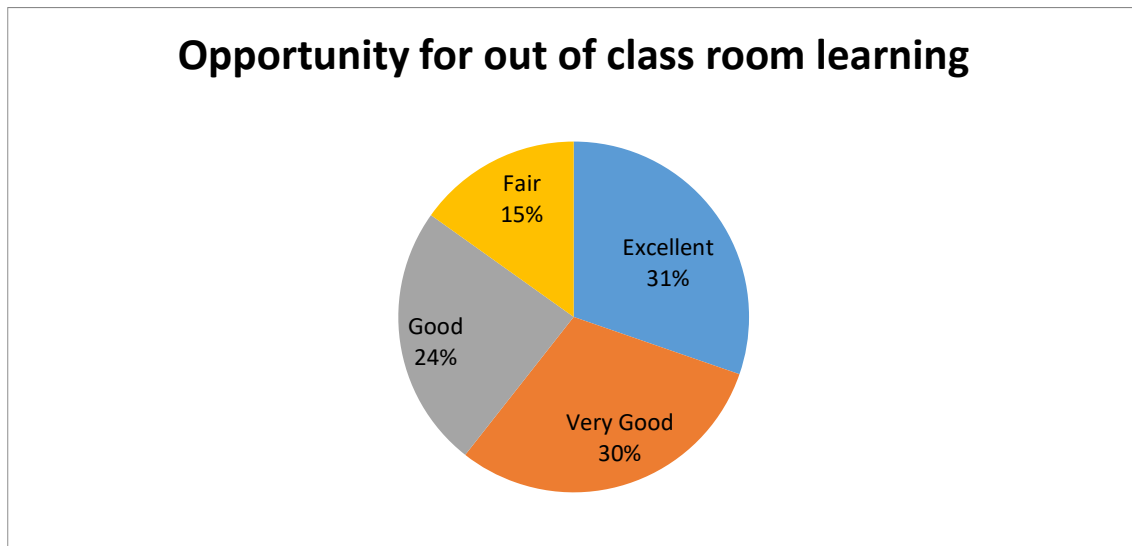

**Graph IX**

### Opportunity for students to participate in internship student exchange field visit

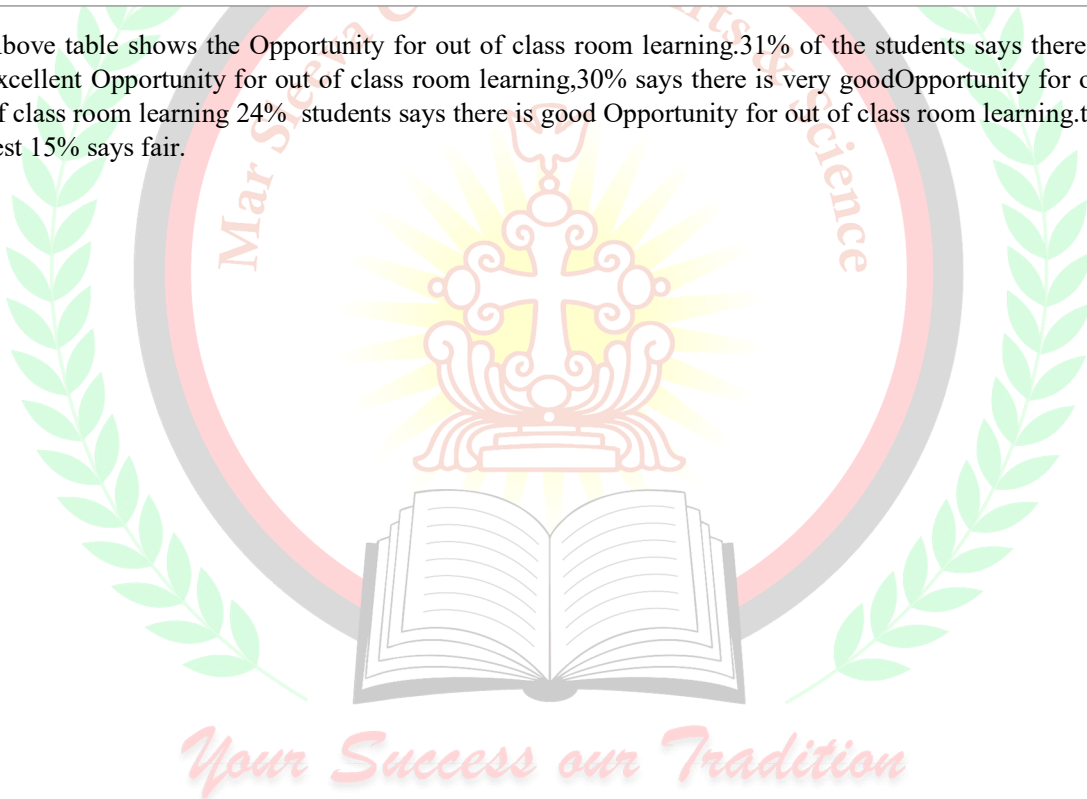

Above table shows the Opportunity for students to participate in internship student exchange field visit..52% of the students says there is good Opportunity for students to participate in internship student exchange field visit,21% says there is very good Opportunity for students to participate in internship student exchange field visit 18% students says there is fair Opportunity for students to participate in internship student exchange field visit. the rest 9% says excellent.

**Graph X**

Above table shows the Opportunity for out of class room learning. 31% of the students says there is excellent Opportunity for out of class room learning, 30% says there is very good Opportunity for out of class room learning, 24% students says there is good Opportunity for out of class room learning, the rest 15% says fair.
