# **BA ECONOMICS**

## **MODEL II FOREIGN TRADE**

### **PROGRAMME OUTCOMES**

- PO1** Acquire Domain Knowledge
- PO2** Develop Critical Thinking and Problem-Solving Ability
- PO3** Life Long Learning Capability in the Socio-Cultural and Technological Sphere
- PO4** Develop Practical Skills in the Area of Study
- PO5** Enhance Leadership Skills, Technical Expertise and Entrepreneurship Aptitude
- PO6** Develop Communication and Interpersonal Skills
- PO7** Create a Drive for Social and Scientific Innovation
- PO8** Develop Values and Ethical Outlook For Responsible

### **PROGRAM SPECIFIC OUTCOMES (PSO)**

- PSO1** Assess the functioning of stock exchanges and predict future changes in the economic variables based on the preceding economic data (Evaluate)
- PSO2** Analyze the major economic and environmental issues in the economy and export and import measures in the global market (Analyze)
- PSO3** Solve the problems in the economy and use mathematical and statistical tools and articulate problem solving skill and communication skills (Apply)
- PSO4** Apply the theoretical knowledge, political awareness, environmental Consciousness and skills to identify, investigate and formulate new ideas and concepts (Create)

## COURSEOUTCOMES

### SEMESTER 1

EN1CC01	FINE-TUNE YOUR ENGLISH	CO1: Describe the basic rules of grammar in English for effective communication(Understand level) CO2: Develop language learning skills like Listening, Speaking, Reading and Writing (Apply level)
		CO3: Develop the compositional skills and conversational skills in English in academic, professional and social contexts (Apply level) CO4: Recognize the common and uncommon errors committed by the speakers in daily English conversation (Remember level) CO5:Distinguish between the tense forms of verbs in English and identify the correct usage of tenses in sentences (Understand level) CO6: Explain about the enrichment of English vocabulary through different word formation processes (Apply level)
EC1CRT01	PERSPECTIVES AND METHODOLOGY OF ECONOMICS	CO1: Discuss the broad contours of Social Sciences, specifically Economics and its methodologies. (Understand) CO2:Review about the different schools of economic thought.(Understand) CO3: Analyze the various aspects of social science research and its applications (Analyze) CO4: Apply the tools of Economics in solving various issues in day to day life (Apply)

		CO5: Correlate methodology and tools of Economics with social science(Analyze)
EC1CRT15	MICROECONOMICS 1	CO1 : Explain what economics are and why it is important ( Understand)  CO2 : Explain the assumption of rationality by individuals and firms (Understand)  CO3 : Analyze the determinants of supply ( Analyze)  CO4 : Calculate other elasticity's using common economic variables ( Apply)
CP1CMT01	INTRODUCTION TO COMPUTERS	CO1:Explain the basics of computers and giving an introduction about the digital world and its relevance at economic field. ( Understand)  CO2: Describe the functional units and classifying the types of computers, how they process information and how individual computers interact with other computing systems and devices.(Remember)  CO3: Implement basic word processing ,Spreadsheet and acquire presentation skills ( Apply)  CO4 : Expalining the various input and output devices of a computer and its functioning ( Understand)  CO5 : Attribute how digital knowledge can be applied on economic field ( Analyze)

ML1CCT07	KADHA NOVEL	<p>CO1:Understand Malayalam literature and its aesthetic quality (Understand)</p> <p>CO2:Analyze the culture and history of Kerala and its relation to literature(Analyze)</p> <p>CO3Identify new literary trends in Malayalam fiction(Understand)</p> <p>CO4:Use language effectively in day-to-day interactions(Apply)</p> <p>CO5: Identify new novel literary trends in Malayalam (Understand)</p>
----------	-------------	---

## SEMESTER II

EN2CCT03	ISSUES THAT MATTER	<p>CO1: Identify the major issues of contemporary significance (Understand level)</p> <p>CO2: Evaluate the issues raised positively and rationally (Apply level)</p> <p>CO3: Infer the values imparted through the literary works concerned (Apply level)</p> <p>CO4: Transform them as conscious and concerned human beings (Understand level)</p>
EC2CRT04	MICRO ECONOMICS II	<p>CO1: Examine the fundamentals of micro economics and micro economic theory.(Understand)</p> <p>CO2: Develop the skill to solve basic microeconomic problems and to identify macroeconomic policy goals (Apply)</p> <p>CO3: Analyze the basic forces that determine equilibrium in a market economy (Analyze)</p> <p>CO4:Establish a framework for learning about consumer behavior and analyzing consumer decisions (Apply)</p> <p>CO5: Review about the different aspects of production and cost (Understand)</p>

EC2CRT04	MACRO ECONOMICS I	<p>CO1- Describe the different types of macroeconomic models ( Remember)</p> <p>CO2- Integrate the importance of microeconomics in daily life and the difference between microeconomics and macroeconomics. ( Analyze)</p> <p>CO3- Assess the concept of national income and various methods of constructing national income. ( Create)</p> <p>CO4- Rate the classical school of economics and executing their basic macroeconomic theories. ( Apply)</p> <p>CO5 Assess the contributions of J.M. Keynes to macroeconomics and analyze the Keynesian consumption function ( Analyze)</p> <p>CO6- Expalin the Orthodox Keynesian models in macroeconomics. ( Understand)</p>
CA2CMP2	MS OFFICE PACKAGES ... LAB	<p>CO1 :Create and manage professional documents using word ( Create)</p> <p>CO2 : Analyze ,manage and present data using excel ( Analyze</p> <p>CO3 : Create and manage presentation using power point (Create)</p> <p>CO4: Interpret to insert or draw table and picture , into the document ( Understand)</p> <p>CO5: Design to prepare the document to be sent as a circular letter( Create)</p>
CA2CMT04	MS ...OFFICE PACKAGES	<p>CO1: Learn and understand MS Word,MS Power Point,MS Excel,MS Access and MS Publishing ( Understand)</p> <p>CO2: Execute basic editing functions ,formatting text ,copy and moving objects and text.(Apply)</p> <p>CO3 : Construct the basic mechanics and navigations of an Excel</p>

		<p>Spreadsheet. ( Create)</p> <p>CO4: Analyze formatting techniques and presentation skills (Analyze)</p> <p>CO5: Construct reports and creating report based application (Create)</p>
EN2CCT03	ISSUES THAT MATTER	<p>CO1: Identify the major issues of contemporary significance (Understand level)</p> <p>CO2: Evaluate the issues raised positively and rationally (Apply level)</p> <p>CO3: Infer the values imparted through the literary works concerned (Apply level)</p> <p>CO4: Transform them as conscious and concerned human beings (Understand level)</p>

### SEMESTER III

EN3CCT05	LITERATURE AND/AS IDENTITY	<p>CO1 : Recall the issues of refugee and cross border cases (Remember level)</p> <p>CO2: Locate different works they have come across under specific categories of writing (Remember level)</p> <p>CO3: Identify the seriousness of the issues encountered by people of different ethnicities apart from race and gender (Remember level)</p> <p>CO4: Explain the extent of the sufferings which people have been</p>
----------	----------------------------	--

		through in their lifetime (Understand level)
EC3CRT01	MACRO ECONOMICS II	<p>CO1: Explain the concepts and issues like inflation and unemployment(Understand)</p> <p>CO2: Examine various theories of consumption and investment (Apply)</p> <p>CO3: Describe the concept of money and theories related to money supply (Understand)</p> <p>CO4: Analyzes the impact of monetary and fiscal policies in the economy (Analyze)</p> <p>CO5: Stating main ideas of Post Keynesian Schools of macroeconomic thoughts(Understand)</p>
EC3CRT02	ECONOMICS OF GROWTH AND DEVELOPMENT	<p>CO1: Explain the basic concepts and issues of growth and development (Understand)</p> <p>CO2: Develop the insightful about the modern approaches to development presented by DGoulet and Amartya Sen (Apply)</p> <p>CO3: Analyze income and non income indices of development (Analyze)</p> <p>CO4: Assess the importance of human resources and its development (Evaluate)</p> <p>CO5: Examine various approaches and theories of development (Apply)</p>

EC3VOT01	INTERNATIONAL TRADE THEORY AND PRACTICE	<p>CO1: Differentiate between internal and international trade(Analyze)</p> <p>CO2: Analyze the working of various international organizations (Analyze)</p> <p>CO3: Examine the balance of payments and the measure to correct BoP disequilibrium(Apply)</p> <p>CO4: Discuss the major concepts in international economics (Understand)</p> <p>CO5: Analyze the foreign exchange markets in different countries and its functioning (Analyze)</p>
CA4CMP3	DATABASE CONCEPTS & MS ACCESS (LAB)	<p>CO1 :Apply the basic concepts of Database Systems and Applications. (Apply)</p> <p>CO2: Use the basics of SQL and construct queries using SQL in database creation and interaction. (Create)</p> <p>CO3:.. Design a commercial relational database system by writing SQL using the system. ( Create)</p> <p>CO4 :Analyze and Select storage and recovery techniques of database system (Analyze)</p> <p>CO5 : Apply the various MS Acess techniques like MS Word ,Powerpoint ,Excel etc.(Apply)</p>

## SEMESTER IV

EN4CCT06	ENGLISH ILLUMINATIONS	<p>CO1: To examine the world personalities and their life sketches (Apply level)</p> <p>CO2: To develop moral perceptions in students (Apply level)</p> <p>CO3: To simulate the students towards various societal issues (Apply level)</p> <p>CO4: To facilitate the students to don the mantle of positivity (Create level)</p> <p>CO5: To explain their affinity towards literature by making them imbibe the aesthetic aspects in stories (Analyze level)</p>
EC4CRT01	PUBLIC FINANCE	<p>CO1: Identify the concepts of public finance, public goods and the difference between public and private finance.(Understand)</p> <p>CO2: Interpret the various sources of public revenue and theories related to public revenue.(Understand)</p> <p>CO3: Analyze various types of taxation as a source of revenue to the government. (Analyze)</p> <p>CO4: Illustrate the need of public expenditure and public debt with the help of supporting theories. (Apply)</p> <p>CO5 :Evaluate the financial relationship between Central government and state governments in India.(Evaluate)</p>

CA4CMT07	VISUAL PROGRAMMING TECHNIQUES	<p>CO1 :apply components based concepts and problem solving techniques (Apply)</p> <p>CO2: Identify how to apply various visual programming techniques(Apply)</p> <p>CO3Expalin and identify various visual programming techniques (Understand)</p> <p>CO4:Undestand and identify various visual programming techniques and how it can be applied in modern world (Understand)</p>
CA4CMP4	VISUAL PROGRAMMING TECHNIQUES (LAB)	<p>CO1: Design, create and build basic Visual applications. (Create)</p> <p>CO2: Explore Visual Basics Integrated Development Environment (Analyze)</p> <p>CO3: Apply the basic visual programming techniques in the statistical field (Apply)</p> <p>CO4: Write and apply decision structures for determining different operations.(Apply)</p> <p>CO5: Create one and two dimensional arrays for sorting, calculating, and displaying of data ( Create)</p>
EC4V0T01	INTERNATIONAL BUSINESS	<p>CO1: Differentiate between internal and international trade(Analyze)</p> <p>CO2: Analyze the working of various international organizations (Analyze)</p> <p>CO3: Examine the balance of payments and the measure to correct Bop disequilibrium(Apply)</p> <p>CO4: Discuss the major concepts in international Business (Understand)</p> <p>CO5: Analyze the foreign exchange markets in different countries and its functioning (Analyze)</p>

## SEMESTER V

ECOPT01	FUNDAMENTALS OF ECONOMICS	<p>CO1: Explain the basic ideas and concepts in Economics (Understand)</p> <p>CO2: Differentiate between public revenue and public expenditure, negotiable and nonnegotiable instruments (Analyze)</p> <p>CO3: Analyzes the importance of monetary and fiscal policies in correcting economic fluctuations (Analyze)</p> <p>CO4: Describe role of NITI Aayog and Finance Commission in the allocation of resources (Understand)</p> <p>CO5: Assess the significance of financial institutions like RBI and SEBI and international organizations like IMF, World Bank and WTO (Evaluate)</p>
EC5CRT10	INTRODUCTORY ECONOMETRICS	<p>CO1: Explain the basic concepts and models in econometrics (Understand)</p> <p>CO2: Examine different methods of econometrics like PRF and SRF (Apply)</p> <p>CO3: Test the validity and reliability of economic theories through estimating the parameters of econometric model (Analyze)</p> <p>CO4: Analyzes the concept of hypothesis and the relevance of hypothesis testing (Analyze)</p> <p>CO5: Solve basic economic issues in the economy by using econometric methods (Apply)</p>
EC5CRT09	ENVIRONMENTAL ECONOMICS	<p>CO1: Analyze the importance of environmental studies and environmental economics and the need for sustainable development (Analyze)</p> <p>CO2: Explain human rights, International Human Rights Documents And the role of UN in protecting human rights(Apply)</p> <p>CO3: Examine the problems of pollution, deforestation solid waste disposal, degradation of environment, global warming, the depletion of ozone layer and loss of biodiversity (Apply)</p> <p>CO4: Analyzes the major framework and criteria for environmental analysis (Analyze)</p> <p>CO5: Create awareness about environmental hazards and formulate solutions to such problems (Create)</p>

EC5CRT07	QUANTITATIVE TECHNIQUES	<p>CO1: Describe the basic terms and concepts of Statistical investigation (Understand)</p> <p>CO2: Describe different statistical measures of central tendency, dispersion (Understand)</p> <p>CO3: Construct different statistical measures of central tendency, dispersion (Apply)</p> <p>CO4: Describe the statistical concepts indices ,time series anlysis, correlation and regression(Understand)</p> <p>CO5: Analyze real data using the statistical concepts indices and Time series analysis(Analyze)</p> <p>CO6: Assess information provided by a data using measures of correlation and regression(Evaluate)</p>
EC5V0T03	FOREIGN TRADE FINANCING DOCUMENTATION AND PROCEDURES	<p>CO1: Differentiate between internal and international trade(Analyze)</p> <p>CO2: Analyze the working of various international organization (Analyze)</p> <p>CO3: Examine the balance of payments and the measure to correct BoP disequilibrium(Apply)</p> <p>CO4: Discuss the major concepts in international economics (Understand)</p> <p>CO5: Analyze the foreign exchange markets in different countries and its functioning(Analyze)</p>

## SEMESTER VI

EC6CRT14	INDIAN ECONOMY	<p>CO1: Discuss the major economic reforms since 1991 with special reference to external sector of Indian economy (Understand)</p> <p>CO2: Discover the various characteristics of the population in India with respect to size, occupation, geography and so on (Understand)</p> <p>CO3: Collect the data showing the major reforms in agriculture, industry and service sector (Apply)</p> <p>CO4: Analyze the objectives of economic planning in India with special focus on the concept of development (Analyze)</p> <p>CO5: Examine the Kerala model of development and various other aspects of Kerala economy including migration, planning and unemployment (Apply)</p>
EC6CBT02	BUSINESS ECONOMICS	<p>CO1; Examine how an organisation achieves its aims and objectives most efficiently by applying economic theory and decision-making tools (Apply)</p> <p>CO2: Illustrate demand and its determinants in numerical terms as well as forecast the demand (Apply)</p> <p>CO3 : Classify the cost concepts and infer empirical studies for production function (Analyze)</p> <p>CO4 :Explain various pricing methods and profit theories of businesses with multitude of products (Understand)</p> <p>CO5 :Infer the meaning and needs of capital as well as the methods of investment criteria(Understand)</p>

EC6CRT01	QUANTITATIVE ECONOMICS II	<p>CO1: Describe the basic terms and concepts of Statistical investigation (Understand)</p> <p>CO2: Describe different statistical measures of central tendency and dispersion (Understand)</p> <p>CO3: Construct different statistical measures of central tendency and dispersion (Apply)</p> <p>CO4: Describe the statistical concepts indices, time series analyzes, correlation and regression(Understand)</p> <p>CO5: Analyze real data using the statistical concepts indices and Time series analysis(Analyze)</p> <p>CO6: Assess information provided by a data using measures of correlation and regression(Evaluate)</p>
EC6V0T01	INTERNATIONAL MARKETING	<p>CO 1:Finding various foreign markets( Remember)</p> <p>CO2:Analyze the impact of cultural, social, political and economic factors on marketing strategies ( Analyze)</p> <p>CO3: Determine when to use different market entry and penetration strategies ( Understand)</p> <p>CO4:Evaluate the different skills and systems required to implement marketing strategie across country borders (Evaluate)</p>

EC6V0T03	SHIPPING AND INSURANCE PRACTICES AND PROCEDURES	<p>CO1: Intends to provide a basic understanding of the insurance mechanism. (Understand)</p> <p>CO2: Explains the concept of insurance and how it is used to cover risk. (Understand)</p> <p>CO3: Describe the knowledge regarding life insurance, fire insurance, marine insurance, motor insurance, crop insurance and other insurance. (Remember)</p> <p>CO4:Attributing the relationship between insurers and insured and the importance of insurance contracts are discussed. Some commonly used insurance terms are also listed out.(Analyze)</p>
EC6PRT03	PROJECT FIELD VISIT	<p>CO1: Understand systematic investigation and study of materials and sources in order to establish facts and reach new conclusions based on topics studied (Understand)</p> <p>CO2: Apply the theoretical knowledge in an empirical setting or in a working environment (Apply)</p> <p>CO3: Accentuate upon the process of deriving meaning from experience through questioning what is being experienced or observed (Evaluate).</p> <p>CO4: Application of Economic models to solve the problem of study (Apply).</p>
